## Petale de Cristal

Founded in 1764, Baccarat is the most prestigious Crystal manufacturer in the world and has become a symbol of excellence and craftsmanship. Taking luxury bathrooms to a whole new level, the Petale de Cristal collection, is a collaboration between two opulence houses, Baccarat and THG Paris.

The unique range has been designed by Pierre-Yves Rochon and is inspired by flowers. The augural luxury tap range is available in clear or coloured crystal in black, red, blue or decorated in fine gold thread.
